Dr. Tsakiridis Odysseus

EDUCATION

2007-2010 *Postdoctoral Research at the Aristotle University of Thessaloniki, Medical School, B' Surgical Clinic for Children, Papageorgiou Hospital.*

2002-2007 *Doctor of Brunel University in Investigation of Chaotic Electronic Circuits and their Applications in Communications (scholar of the State Scholarship Foundation)*

1997-2000 *M.Sc in Data Communications, Brunel University, U.K. (Thesis Title: The STA/LTA Algorithm as a Tool for Recognition of Seismic Signals from Artificial Noise).*

1998-1999 *Diploma in Knowledge Based Systems, Open University, U.K. (Neural Networks, Artificial Intelligence, Fuzzy Logic, and Knowledge Based Systems).*

1989-1995 *Electronics Engineer, Technological Educational Institute of Athens (Thesis Title: Design and Construction of a Vacuum Tube Audio Amplifier).*

1993 *Certificate of Technician of Wired Systems, Army School of Telecommunications.*

1989 *1st Lyceum of Athens (with high distinction)*

PROFESSIONAL EXPERIENCE

1989-1990 **AMARAD ELECTRONICS.** Supervisor of Design and Production of Power Supply Systems.

1990-1991 **ALCO TAPE.** Responsible for Technical Support of Systems of Industrial Package.

1991-1993 **CAB ELECTRONICS.** Responsible for Design and Technical Support of Alarm Systems.

1994-1995 **ALTO.** Responsible for Technical Support of Υπολογιστικών Συστημάτων και Δικτύων.

1995-2001 **LYRIC A.E.** Technical Supervisor in Support of Audio-visual Systems for Professional and Household Applications.

1991-2009

TSAKIRIDIS DEVICES. Tsakiridis Devices is engaged in the design, construction and sales of sound systems. The main products of the business are amplifiers of high fidelity sound manufactured with vacuum tubes as well as with bipolar components. During the last 15 year the products have been demonstrated in annual HI-END exhibitions in Greece (Athens and Thessaloniki), Germany, United Kingdom, Italy, Turkey and Cyprus and is highly recommended by specialized domestic and international magazines-reviewers such as HI-FI News and Record Review, Hi Tech, Sound, AV Extreme. As of 2002 Tsakiridis Devices has exporting their products within EU.

TUTOR EXPERIENCE

1997 - 1998

Tutor in Public Institute for Professional Expertise in Aegaleo during winter semester 1997-1998 / Courses for Electronics.

1997 – 1998

Tutor in the Private Institute for Professional Expertise "OMEGA" during winter semester 1997-1998 / Courses for Electronics and Informatics.

1998 – 2000

Lecturer and Laboratory Trainer for the program of Complementary Education under the subject "Ολοκληρωμένος Design and Control of the Telecommunication Product" carried out in the Department of Electronics in the Technological Educational Institute of Athens.

2004 - 2006

Lecturer and Laboratory Trainer for the program of Reformation of Undergraduate Programs of the Technological Educational Institute of Athens under the subject "Lab View" carried out in the Department of Electronics in the Technological Educational Institute of Athens.

1997 – 2002
2004 - 2008

Laboratory Associate in the Department of Electronics in the Technological Educational Institute of Athens. Digital Signal Processing Laboratory, Antenna Laboratory, Analog Electronics Laboratory, Electronic Design & Constructions Laboratory, Digital Systems Laboratory.

2007 - 2008

Scientific Fellow in the Technological Educational Institute of Athens. Electronics Department, Tuition of Electronics I & Electronics II.

2009 – 2015

Lecturer in the Technological Educational Institute of Athens. **Electronics Department, Tuition** of Electronics I & Electronics II and labs of Electronics I, Electronics II, Optoelectronics, Electronic Design & Construction and Electronics Physics.

Lecturer in the Technological Educational Institute of Athens. **Biomedical Department, Tuition** of Introduction to Electronics, Amplifier Design and Digital Electronics and labs of Introductions to Electronics, Digital Electronics and Amplifier Design.

2012 – 2015

Lecturer in the Technological Educational Institute of Athens. **Electronics Department, Postgraduate Program (M.Sc.) of Design and Development of Advanced Electronic Systems. Tuition** of Intelligent Systems for Renewable Energy Sources and Modern Instrumentation Technology & Metrology.

2016-2018

Assistant Professor in the Technological Educational Institute of Athens. **Electronics Department, Tuition** of Electronic Design & Construction Lab.

Assistant Professor in the Technological Educational Institute of Athens. **Biomedical Department, Tuition** of Analog Electronics II and Digital Electronics and labs Electronics II and Digital Electronic

Assistant Professor in the Technological Educational Institute of Athens. **Electronics Department, Postgraduate Program (M.Sc.) of Design and Development of Advanced Electronic Systems.**

Tuition of Intelligent Systems for Renewable Energy Sources and Modern

RESEARCH EXPERIENCE

- 2019-Today *Instrumentation Technology & Metrology and Electromagnetic Compatibility.*
- Assistant Professor** in the University of West Attica. Department of Electrical & Electronics Engineering, **Tuition** of Analog Electronics II and Digital Electronics.
- 1998 **University of Athens, Department of Informatics and Telecommunications.** Research with subject RAINBOW Program (Radio Independent Broadband on Wireless) and Development of 3rd Generation Mobile Systems, subsidized by the European Community.
- 1999 **University of Athens, Department of Informatics and Telecommunications.** Research with subject the Compatibility and Development of Net Protocols & Creation of Laboratory Infrastructure for Tests (TEST BED), subsidized by OTE
- 1999 - 2001 **Technological Educational Institute of Athens, Department of Electronics.** Research with subject the Development of Platform for evaluation of xDSL Technologies, subsidized by the Technological Educational Institute of Athens.
- 2000 – 2001 **University of Athens, Department of Informatics and Telecommunications.** Research with subject the WINE (Wireless Internet Networks) Program. Subsidized by the European Union.
- 2002 **University of Athens, Department of Informatics and Telecommunications. Πανεπιστήμιο Αθηνών, Τμήμα Πληροφορικής και Τηλεπικοινωνιών.** Research with subject the program OCCULT (Optical Chaos Communication using Laser-Diodes Transmitters). Subsidized by the European Union.
- 2004 **Athens University of Economics and Business, Department of Informatics and Telecommunications.** Research with subject Modeling(WP3) and Engineering (WP4), within the frame of the European project “Market-Managed Peer to Peer Services (MMAPPS)”, subsidized by the European Community, IST-2001-34201.
- 2004-2005 **Technological Educational Institute of Athens, Electronics Department.** Research with subject Telecommunications and Cryptography of Physical Layer with the use of Electronic Circuits exhibiting chaotic behavior, subsidized by the Technological Educational Institute of Athens, Archimedes, Support of Research Teams in the Technological Educational Institutes, ΕΠΕΑΕΚ-II”.
- 2007-2009 **Aristotle University of Athens, Medical School, B’ Surgical Clinic for Children, Papageorgiou Hospital.** The Research concerns the Design/Construction of 3-Dimensional Indicator-Measurer for Testis Rigidity and Automatic Categorization with Artificial Intelligence Techniques.
- 2011-2012 **iTAX S.A., Systems for Verifying Transactions.** Research, design and construction of a system for wireless transmission of tax data through cash register and via Short Message Service (S.M.S.)
- 2018-Today **University of West Attica. Department of Electrical & Electronics Engineering.** The Research concerns with the Design of an Integrated Atmospheric Pollution Monitoring Platform using IoT Network.
