Start thinking about your future in IT.

The Red Hat® Academy program bolsters your job-relevant skills and resume with an industry-leading curriculum that includes:

System administration

Cloud computing

Application development

Train for open source solutions like:

Red Hat Enterprise Linux

Red Hat OpenShift

Red Hat OpenStack Platform

Open source skills are in high demand.

Organizations are looking for skilled, proven, and ready candidates to take on challenging IT projects.

The Red Hat Academy Talent Network
connects students with employers from Red Hat and our partners around the world.

93%
of hiring managers have difficulty finding sufficient talent with open source skills [2]

Get the skills employers need

76%
faster job readiness when a new hire completed Red Hat training prior to onboarding [1]

Teams that hire Red Hat certified IT professionals reach full productivity seven weeks faster than teams with non-certified new hires. [3]

"The hand-on labs allow me to retain information more effectively and develop skills that will directly apply in a real work environment."

Jonathan Saenz
Red Hat Academy Student,
Texas A&M

"Seven months before graduation, I was offered a full-time position at Red Hat as an associate consul-tant. The Red Hat Academy program equipped me with specific experiences and resources that helped immensely during the interview process."

Sevak Papanyan
Red Hat Academy Student,
California State University, San Bernardino

Start your career as an IT professional.

Develop your skills as a:

System administrator

Developer

Site reliability engineer

Or another role
